

RoHS Compliance Statement

International Light Technologies shares in the world community's concern regarding environmental protection. ILT strives to stay abreast of environmental regulations that relate to our customer products and their use in customer applications.

Our products are in compliance with, and conform to, the European Union's Restriction of Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS) Directive 2011/65/EU as amended by 2015/863. For the purpose of this Directive, no more than the maximum concentration value by weight in homogeneous materials as specified shall be tolerated.

The following 10 substances are restricted under RoHS 2 and RoHS 3 directive:

Lead	0.1%
Mercury	0.1%
Cadmium	0.01%
Hexavalent Chromium	0.1%
Polybrominated Biphenyls (PBB)	0.1%
Polybrominated Diphenyl Ethers (PBDE)	0.1%
Bis (2-Ethylhexyl) phthalate (DEHP)	0.1%
Benzyl butyl phthalate (BBP)	0.1%
Dibutyl phthalate (DBP)	0.1%
Diisobutyl phthalate (DIBP)	0.1%

The Company does not perform testing for the restricted substances. Compliance is based on statements and certifications of suppliers of the components and materials used in the manufacturing of our products and knowledge of our manufacturing processes.

Company believes to the best of its knowledge that the above statements are accurate as of the date of this certification and the statements and certifications of suppliers or service providers that the Company may have relied upon in the preparation of this statement. This certification is valid unless superseded by a revised certification at a later date.
