### **SLS & ILT Complete Major LED Cooler Light Retrofit Project**

#### **ILT Partners with Sylvania Lighting Services (SLS) to Retrofit CVS Health's Cooler Lighting**

Peabody, MA – International Light Technologies (ILT), a leading designer, manufacturer and distributor of LED-based lighting products, and Sylvania Lighting Services (SLS) are pleased to announce the completion of a LED Cooler Light retrofit project for CVS Health, the largest pharmacy health care provider in the U.S., headquartered in Woonsocket, RI.

Pete Couture, ILT LED Lighting Division Director, described the project. "ILT was thrilled to be selected by SLS, a national company involved in many large-scale LED lighting retrofit projects in the US, as their LED Cooler Light manufacturer of choice for this multi-state, multiple location retrofit project."

#### **Project details:**

- Project dates: First order 7/24; Last shipment 10/14 (completed in approximately 10 weeks)
- Volumes: 4,000-plus LED cooler light units
- Sizes: mix of 18", 36" (18 and 36 are non-standard lengths), 48", 60" and 70"
- Location of installs: Primarily FL & NC with other locations throughout the US

Couture continued, "As SLS completed the energy audits at each CVS location, they would place orders with ILT and we shipped within 1-2 weeks typically. ILT then worked with the installers SLS selected at each CVS location to communicate important aspects of the installation process."

The ILT product used in all of these retrofits is the ILT CaseLight™ LED Cooler Light Retrofit Kit. Over the past 8 years, ILT has shipped tens of thousands of CaseLights to replace inefficient fluorescent light fixtures in thousands of locations across the US and Canada.

#### **Key CaseLight features include:**

- DLC Listed (DesignLights Consortium) for Rebate Eligibility
- Exceeds DLC Efficacy Requirements by More Than 60%! (>80 vs. 50 Lumens per Watt)
- Highest Color Rendering Index (CRI) Available – Reds Are Red, Blues Are Blue!
- Optimized Light Distribution Throughout Display Case for Grocery and Convenience Store Installations
- Rugged Construction - Durable Aluminum Extrusion Construction Protects LEDs
- Available in a Variety of Lengths: 48", 60", 70"; Custom Lengths Also Available
- 5 Year CaseLight Warranty
- All CaseLight Modules Manufactured in USA
